Part C: Short Answer

Answer each question in one or two complete sentences.

1. How does a pronoun chart help you decide what point of view a story uses?

The chart sorts I, you, and he into columns, so you can match the narrator's pronouns to first, second, or third person quickly.

2. Why is second-person point of view rare in children's books?

Second person tells readers, 'You do this,' which feels strange because most stories let readers watch
