Part C: Short Answer

Answer each question in one or two complete sentences.

1. List two details an author might include when describing a fruit.

2. Why might an author choose description structure for a paragraph about a pet?

Part A: Fix the Sentence

Each sentence has an error. Rewrite it correctly on the line.

1. Fix the sentence: The description structure list events in order from first to last.

Rewrite: The description structure lists details about a topic, not events in order.

2. Fix the sentence: A paragraph about a tigers stripes uses sequence structure.

Rewrite: A paragraph about a tiger's stripes uses description structure.

3. Fix the sentence: Description structure dont include details about taste or smell.

Rewrite: Description structure does include details about taste and smell.

Part B: Fill in the Blank

Write the missing word or number on each line.

1. A paragraph that tells about a topic's size, color, and taste uses description structure.
2. Words like 'has', 'looks', and 'feels' are signal words for description structure.
3. When an author tells how an animal behaves, the structure is description.
4. Description structure is best for sharing details about one main topic.

Part C: Short Answer

Answer each question in one or two complete sentences.

1. List two details an author might include when describing a fruit.

An author might describe the fruit's color, like red, and its taste, such as sweet or sour.

2. Why might an author choose description structure for a paragraph about a pet?

An author chooses description to share many details about the pet's looks, sounds, and behavior in one place.
