Part C: Short Answer

Answer each question in one or two complete sentences.

1. Name one source of air pollution and explain its effect.

2. Why is plastic litter a problem for land and animals?

Part A: Fix the Sentence

Each sentence has an error. Rewrite it correctly on the line.

1. Fix the sentence: Vehicle exhaust cause air pollution that harms our lungs and breathing.

Rewrite: Vehicle exhaust causes air pollution that harms our lungs and breathing.

2. Fix the sentence: Factory waste are sometimes dumped into rivers and pollute the water.

Rewrite: Factory waste is sometimes dumped into rivers and pollutes the water.

3. Fix the sentence: Plastic litter on the ground are an example of land pollution.

Rewrite: Plastic litter on the ground is an example of land pollution.

Part B: Fill in the Blank

Write the missing word or number on each line.

1. Smoke from cars and trucks creates air pollution in cities.
2. When trash and oil enter rivers, they cause water pollution downstream.
3. Plastic bottles tossed in a park become land pollution on the ground.
4. Factory waste that is dumped into streams can poison fish and frogs.

Part C: Short Answer

Answer each question in one or two complete sentences.

1. Name one source of air pollution and explain its effect.

Vehicle exhaust from cars adds smoke and gases to the air, which can make people cough and harm their lungs.

2. Why is plastic litter a problem for land and animals?

Plastic litter does not break down for hundreds of years and animals can choke on it or get tangled in pieces.
