

Comparing Texts

Name: _____

Date: _____

Grade: Grade 5

Part A: Multiple Choice

Circle the best answer for each question.

1. A folktale about a clever fox outsmarting a lion teaches that wit beats strength. A news article reports on how small companies outperform large corporations through innovation. How do these texts relate?

- A) They are completely unrelated because one is fiction and one is nonfiction
- B) They share a similar theme — cleverness and creativity can overcome size and power
- C) The folktale is more accurate because it is older
- D) The news article disproves the lesson of the folktale

2. A poem describes the ocean as a 'restless giant that swallows the shore.' A science text explains coastal erosion caused by wave action. What is the main difference in how they present the same idea?

- A) The poem is wrong about the ocean
- B) The science text uses figurative language while the poem uses facts
- C) The poem uses figurative language to create feeling, while the science text uses precise language to explain a process
- D) The science text and the poem have nothing in common

3. Text A is a historical fiction novel set during the Gold Rush. Text B is a textbook chapter about the Gold Rush. Which statement BEST describes the difference?

- A) Text A helps readers experience what life felt like, while Text B provides verified historical facts
- B) Text A is always more accurate because novels require more research
- C) Text B cannot be trusted because textbooks are boring
- D) Both texts contain only invented information

4. Why might a reader benefit from reading both a memoir and a documentary script about the same historical event?

- A) Because one will always be wrong and the other right
- B) Because the memoir offers personal emotion and memory, while the documentary provides broader facts and multiple viewpoints
- C) Because memoirs are always shorter and easier to read
- D) Because documentary scripts contain no facts at all

Part B: Fill in the Blank

Write the correct answer on each line.

Part A: Multiple Choice

Circle the best answer for each question.

1. A folktale about a clever fox outsmarting a lion teaches that wit beats strength. A news article reports on how small companies outperform large corporations through innovation. How do these texts relate?

- A) They are completely unrelated because one is fiction and one is nonfiction
- B) They share a similar theme — cleverness and creativity can overcome size and power**
- C) The folktale is more accurate because it is older
- D) The news article disproves the lesson of the folktale

2. A poem describes the ocean as a 'restless giant that swallows the shore.' A science text explains coastal erosion caused by wave action. What is the main difference in how they present the same idea?

- A) The poem is wrong about the ocean
- B) The science text uses figurative language while the poem uses facts
- C) The poem uses figurative language to create feeling, while the science text uses precise language to explain a process**
- D) The science text and the poem have nothing in common
