

Cursive Writing

Name: _____

Date: _____

Grade: Grade 5

Part A: Fill in the Blank

Write the missing word or number on each line.

1. If your cursive letters lean in different directions on the same line, you have an inconsistent _____.
2. Tilting your paper slightly helps right-handed writers maintain a natural and comfortable _____.
3. When tall and short letters are the same height, the writing has a _____ problem.
4. A common error is forgetting to close the loop on letters like a, d, and _____.
5. If words are hard to read because letters run together, the writer needs more _____ between words.
6. Practicing on _____ paper helps students keep letters the correct height.
7. When checking your own cursive, look at slant, size, spacing, and _____ alignment.
8. Letters that do not connect smoothly may have _____ exit strokes that stop too early or too late.
9. Reading your cursive writing _____ can help you spot errors you might otherwise miss.

Part B: Matching

Match each item on the left to the correct answer on the right.

1. Match each item to its correct answer.

Letters lean left,
right, and
straight on the
same line

→

Uneven letter
sizing – tall and
short letters are
not differentiated

Tall letters like b
and h are the
same height as
short letters like

→

Poor baseline
alignment –
letters do not
rest on the line

Part A: Fill in the Blank

Write the missing word or number on each line.

1. If your cursive letters lean in different directions on the same line, you have an inconsistent slant .
2. Tilting your paper slightly helps right-handed writers maintain a natural and comfortable slant .
3. When tall and short letters are the same height, the writing has a sizing problem.
4. A common error is forgetting to close the loop on letters like a, d, and g .
5. If words are hard to read because letters run together, the writer needs more spacing between words.
6. Practicing on lined paper helps students keep letters the correct height.
7. When checking your own cursive, look at slant, size, spacing, and baseline alignment.
8. Letters that do not connect smoothly may have incorrect exit strokes that stop too early or too late.
9. Reading your cursive writing aloud can help you spot errors you might otherwise miss.

Part B: Matching

Match each item on the left to the correct answer on the right.

1. Match each item to its correct answer.

Letters lean left, right, and straight on the same line

→ Inconsistent slant – letters lean in different directions

Uneven letter sizing – tall and short letters are not differentiated

Tall letters like b and h are the

Poor baseline alignment – letters do not
