

Human Impact on the Environment

Name: _____

Date: _____

Grade: Grade 5

Part A: Fix the Sentence

Each sentence has an error. Rewrite it correctly on the line.

1. Fix the sentence: Using a reusable water bottle creates more plastic waste in oceans.

Rewrite: _____

2. Fix the sentence: Oil spills in the ocean make seabirds healthier and stronger.

Rewrite: _____

3. Fix the sentence: Driving a car everywhere instead of walking lowers air pollution levels.

Rewrite: _____

Part B: Fill in the Blank

Write the missing word or number on each line.

1. Wind turbines turn moving air into clean _____ energy.
2. Saving water, energy, or wildlife is called _____.
3. When animals lose the place where they live, this is called habitat _____.
4. Coal, oil, and natural gas are called _____ fuels.

Part C: Short Answer

Answer each question in one or two complete sentences.

1. How does planting trees in your community help the environment?

2. Why should we use less water when we brush our teeth?

Part A: Fix the Sentence

Each sentence has an error. Rewrite it correctly on the line.

1. Fix the sentence: Using a reusable water bottle creates more plastic waste in oceans.

Rewrite: Using a reusable water bottle reduces plastic waste in oceans.

2. Fix the sentence: Oil spills in the ocean make seabirds healthier and stronger.

Rewrite: Oil spills in the ocean coat seabirds and harm their health.

3. Fix the sentence: Driving a car everywhere instead of walking lowers air pollution levels.

Rewrite: Driving a car everywhere instead of walking raises air pollution levels.

Part B: Fill in the Blank

Write the missing word or number on each line.

1. Wind turbines turn moving air into clean wind energy.
2. Saving water, energy, or wildlife is called conservation.
3. When animals lose the place where they live, this is called habitat loss.
4. Coal, oil, and natural gas are called fossil fuels.

Part C: Short Answer

Answer each question in one or two complete sentences.

1. How does planting trees in your community help the environment?

Trees give shade, take in carbon dioxide, release oxygen, and provide homes for birds and insects.

2. Why should we use less water when we brush our teeth?

Saving water keeps more clean water available for drinking, plants, animals, and future use.
