

Pushes and Pulls

Name: _____

Date: _____

Grade: Kindergarten

Part A: Multiple Choice

Circle the best answer for each question.

1. Ben rolls a marble across the floor. To make it stop, he should:

- A) Push his hand against the marble to slow it
- B) Watch it without doing anything
- C) Yell at the marble loudly
- D) Pull on a string above it

2. Maya pulls a string to lift a balloon. The balloon will move:

- A) Sideways across the room
- B) Up toward Maya's hand
- C) Down to the ground
- D) In a circle by itself

3. Two kids push a big box together. Compared to one kid alone, the box will move:

- A) Slower than before
- B) The same speed
- C) Faster and easier
- D) Backwards on its own

4. Jay gives a toy truck a small push. To make it travel farther next time, Jay should:

- A) Whisper to the truck softly
- B) Pull it gently backward
- C) Watch it without moving
- D) Push it with a bigger force

Part B: Fill in the Blank

Write the correct answer on each line.

1. If you push a ball straight ahead, it will move _____ from you.
2. If you pull a rope tied to a box, the box moves _____ you.
3. A really big push on a wagon makes it go _____ than a tiny push.
4. To stop a swing that is moving toward you, you can give it a small _____.
5. Pushes and pulls are both kinds of _____ that change motion.

Part A: Multiple Choice

Circle the best answer for each question.

1. Ben rolls a marble across the floor. To make it stop, he should:

- A) Push his hand against the marble to slow it**
- B) Watch it without doing anything
- C) Yell at the marble loudly
- D) Pull on a string above it

2. Maya pulls a string to lift a balloon. The balloon will move:

- A) Sideways across the room
- B) Up toward Maya's hand**
- C) Down to the ground
- D) In a circle by itself

3. Two kids push a big box together. Compared to one kid alone, the box will move:

- A) Slower than before
- B) The same speed
- C) Faster and easier**
- D) Backwards on its own

4. Jay gives a toy truck a small push. To make it travel farther next time, Jay should:

- A) Whisper to the truck softly
- B) Pull it gently backward
- C) Watch it without moving
- D) Push it with a bigger force**
